REVIEW ARTICLE

5 Drugs and renal function: A.R. MICHELL

SCIENTIFIC PAPERS

21 Pharmacokinetics of propranolol in the dog: ROBERT E. KATES, BRUCE W. KEENE and ROBERT L. HAMLIN

27 Bioavailability of three brands of digoxin tablets in dogs: A. DERICK, S. CHAKRA-BARTI, F. BELPAIRE and M. BOGAERT

31 Pharmacokinetic studies of phenylbutazone in cattle: BO EBERHARDSON, GERT OLSSON, LARS-ERIK APPELGREN and STEN-OLOF JACOBSSON

39 Mammary and renal excretion of chlorpromazine in goats: MUHAMMAD NAWAZ and FOLKE RASMUSSEN

47 α-Adrenergic control of gonadotrophin secretion in the ewe: K. NARAYANA and HILARY DOBSON

59 5-Hydroxytryptamine potentiates contraction mediated by the intramural cholinergic nerve in the longitudinal smooth muscle of the ruminant fore-stomach: T. TANEIKE

69 The effect of flurbiprofen upon fever and ruminal stasis induced by *Escherichia coli* endotoxin, Poly I:Poly C and sodium nucleinate from yeast in conscious goats: A.S.J.P.A.M. VAN MIERT and C.TH.M. VAN DUIN

81 Methylene blue of tolonium chloride antagonism or sodium nitrate induced methemoglobinemia: G.E. BURROWS

SHORT COMMUNICATION

87 Responses to automatic and autocoid agents on horse lung strip: N. CHAND and L. DEROTH

91 Book Review

NUMBER 4

243 Editorial

SCIENTIFIC PAPERS

245 Pharmacokinetics of sulphadoxine and trimethoprim in horses. Half-life and volume of distribution of sulphadoxine and trimethoprim and cumulative excretion of [^{14}C]-trimethoprim: FOLKE RASMUSSEN, HANS GELSÅ and POUL NIELSEN

257 The renal clearance of inulin, creatinine, trimethoprim and sulphadoxine in horses: HANS GELSÅ

265 Isometamidium–dextran complex: therapeutic activity against *Trypanosoma vivax* infection in Zebu cattle: Y. OTARU ALIU and ABDULRAHIM SANNUSI

275 Susceptibility of clinical isolates of *Pseudomonas aeruginosa* to antimicrobial agents: DWIGHT C. HIRCH, NINA WIGER and SUSAN J. KNOX

279 Some physiological and biochemical effects of the intravenous administration of five different electrolyte solutions in the dog: R.J. ROSE

291 Force plate studies on the effect of exogenous hyaluronic acid on joint function in equine arthritis: D.A. GINERICH, J.A. AUER and G.E. FACKELMAN

299 Effects of lithium on aggressive behaviour in domestic pigs: ROBERT DANTZER and PIERRE MORMEDE

305 The role of calcium in the mechanical performance of cattle ruminal muscle: H. BÜRGIN
